(rev. 06/01/10)

IMPORTANT! READ BEFORE INSTALLING

BY INSTALLING OR ANY USE OF THE EnergyCAP SOFTWARE PROGRAM YOU ACCEPT THE TERMS OF THIS LICENSE AGREEMENT.

EnergyCAP, Inc. (ECI) owns all rights and copyrights in and to the subject software product ("Software") called "EnergyCAP Enterprise OnLine version." The OnLine version has two distinct client applications: (1) A Windows-based program (the "rich client") that is installed on the PC workstation and used for all data entry, analysis and management functions and (2) a Browser-based program (the "thin client") that requires no installation and is used for data viewing and reporting.

The Software is furnished subject to the terms and conditions of this License Agreement, which has a 10-day unconditional Acceptance Period. If the Software itself or any terms of this License Agreement are not acceptable for any reason, the software and documentation must be returned within ten (10) days of purchase to EnergyCAP, Inc. for a full refund. If returned, all installed copies must be uninstalled and all Setup files must be permanently deleted.

By this Agreement, you are granted a license to use the Software and Database Hosting Services subject to the following terms, restrictions and limitations:

1. You may install the EnergyCAP Enterprise rich client software on one or more PCs for simultaneous use by multiple users within your organization. You may access the EnergyCAP Enterprise thin client software from any PC using any approved browser. You may make copies of the Software for archival and back-up purposes only.
2. This license allows you to use the Software for internal use by your employees or contractors/consultants for the benefit of the Licensee organization only. You may not use the Software to process the data of third party clients or in a service bureau capacity.
3. Your License covers those program features, functions and modules purchased by you (as documented in the quote, proposal or contract from EnergyCAP, Inc.), as well as any subsequent enhancements to these features furnished to you pursuant to the EnergyCAP Enterprise Maintenance Agreement. You must pay an additional license fee to add features, functionality and modules that are outside of the scope of your initial license. Such functionality (1) may have been available to you at time of purchase but you elected not to purchase, or (2) may be added to the Software's capabilities and offered to you at a later date.
4. You may not alter, modify, or adapt the Software or documentation, or portions thereof, in any way. You may not disassemble, decompile, reverse engineer, translate or create derivative works of the Software, or portions thereof, in any way. You must install and operate the Software in accordance with the documentation. This License Agreement shall

be deemed automatically terminated if you violate any of the foregoing.

5. This License Agreement and EnergyCAP, Inc.'s copyrights also apply to any data that you may have obtained from EnergyCAP, Inc., including without limitation weather data libraries, bundled type tables (such as the energy type table) and separate data bases. You may use these data files in conjunction with your licensed copy of the Software. You may not provide them to any third parties.

6. This License Agreement and the licenses granted hereunder are effective upon acceptance by you and shall remain in effect for the length of term stated in your purchase document* or until terminated. It may be terminated by EnergyCAP, Inc. if you fail to comply with any term of this Agreement, or if you fail to make payment on Software license or related fees per the payment terms in your invoice. You may terminate this License Agreement by destroying all copies of the Software and documentation enclosed herein and notify EnergyCAP, Inc. of your termination. Upon termination for any reason, you must promptly destroy all copies of Software and documentation in your possession.

- *Length of Term Rule. The Standard term is an initial two-year term followed by annual renewals. If no license term is stated in the purchase documents, the Standard term shall apply.
- Licensees will automatically receive an annual renewal invoice 60 days prior to the license expiration date. Receipt of purchase order or payment by EnergyCAP, Inc. will designate acceptance by both parties of license renewal.

Licensees will be provided with activation keys at no additional charge for the life of this License Agreement.

8. The license hereunder is not assignable by you without EnergyCAP, Inc.'s prior written consent. You may not transfer, distribute, rent, sub-license, or lease the Software or the documentation.
